GoGold Reports Record Parral Production for Quarter ending March 31, 2019

Halifax, NS – GoGold Resources Inc. (TSX: GGD) (“GoGold”, “the Company”) announces record production of 288,693 ounces of silver and 1,613 ounces of gold for 424,210 silver equivalent ounces at the Parral project during the quarter ended March 31, 2019, an increase of 30% from the previous quarter. This eclipses the previous production record of 417,191 set in March 2018.

The Company continues to focus on quality agglomeration to ensure strong recoveries are achieved. In the most recent quarter, the Company began increasing the number of daily tons placed on the heap leach pad which is the main driver of increased production. During the quarter ended March 31, 2019, the Company placed 478,874 tons on the heap leach pad which is an increase of 35% over the previous quarter.

Mr. Brad Langille, President and CEO, stated, “Production increased each month during the quarter and the Company expects that there will be continued improvement in the June 30, 2019 quarter”.

Mr. Robert Harris, P.Eng. is the qualified person as defined by National Instrument 43-101 and is responsible for the technical information of this release.

About GoGold Resources

GoGold Resources (TSX: GGD) is a Canadian-based silver and gold producer focused on operating, developing, exploring and acquiring high quality projects in Mexico. The Company’s Parral Tailings project is one of the lowest cash cost silver producers in the world. Headquartered in Halifax, NS, GoGold is building a portfolio of low cost, high margin projects. CAUTIONARY STATEMENT:

The securities described herein have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “U.S. Securities Act”), or any state securities laws, and may not be offered or sold within the United States or to, or for the benefit of, U.S. persons (as defined in Regulation S under the U.S. Securities Act) except in compliance with the registration requirements of the U.S. Securities

Act and applicable state securities laws or pursuant to exemptions therefrom. This release does not constitute an offer to sell or a solicitation of an offer to buy of any of GoGold's securities in the United States.

This news release may contain "forward-looking information" as defined in applicable Canadian securities legislation. All statements other than statements of historical fact, included in this release, including, without limitation, statements regarding the Parral tailings project, the Santa Gertrudis project, future operating margins, future production and processing, and future plans and objectives of GoGold, constitute forward looking information that involve various risks and uncertainties. Forward-looking information is based on a number of factors and assumptions which have been used to develop such information but which may prove to be incorrect, including, but not limited to, assumptions in connection with the continuance of GoGold and its subsidiaries as a going concern, general economic and market conditions, mineral prices, the accuracy of mineral resource estimates, and the performance of the Parral project. There can be no assurance that such information will prove to be accurate and actual results and future events could differ materially from those anticipated in such forward-looking information.

Important factors that could cause actual results to differ materially from GoGold's expectations include exploration and development risks associated with GoGold's projects, the failure to establish estimated mineral resources or mineral reserves, volatility of commodity prices, variations of recovery rates, and global economic conditions. For additional information with respect to risk factors applicable to GoGold, reference should be made to GoGold's continuous disclosure materials filed from time to time with securities regulators, including, but not limited to, GoGold's Annual Information Form. The forward-looking information contained in this release is made as of the date of this release.
